2023 – 2024 Annual Report

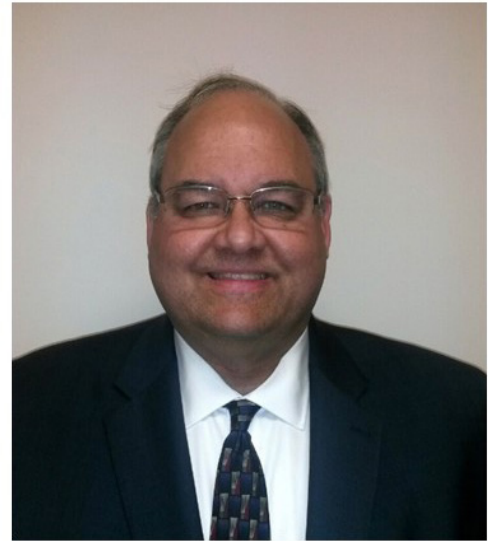

EXECUTIVE DIRECTOR REPORT

Dear PACS Community:

Pennyrile Allied Community Services (PACS) is a private, nonprofit organization that uses a broad range of public and private resources to provide low-to moderate income individuals and families the opportunity to improve the quality of life for themselves, their family and their communities. PACS oversees a wide range of programs and services to help improve lives as we strive to meet our mission of, "Empowering low-income individuals to become self-reliant through community service, assistance, education, and partnerships."

Sixty years ago, in 1964, President Johnson signed the Civil Rights Act and the Economic Opportunity Act. These proved to be essential pieces of the War on Poverty and civil rights legislation were quick to follow and became intertwined from the federal level down to the grassroots level. On July 1, 1966, The Pennyrile CAA provided services to 3 counties. (Christian, Todd and Trigg). Also, in 1966 the Hopkins-Muhlenberg CAA was created to serve 2 counties. (Hopkins, Muhlenberg). Fifty years ago on July 1, 1974, these 2 community action agencies merged to create PACS which now serves 9 counties in west Kentucky as our primary serve area.

Much has happened in the last 50-60 years. As you can see from the chart below, the challenges for everyone in meeting their needs continued to increase and has put even more headwinds for those who are low to moderate income individuals and families. Compounding this is the increased number of single-family households which creates even more difficulties in meeting the needs of our communities.

	1966	2024
% In Poverty	15.0%	11.5%
Income @ Poverty-Family or 4	\$3,130	\$31,200
White Average Household Income	\$7,700	\$64,636
Non- White Average Household Income	\$4,600	\$51,374
Minimum Wage Per Hour	\$1.00	\$7.25
Average Home Price	\$18,900	\$420,800
Average New Car	\$2,653	\$78,510
Cost of First-Class Stamp	\$0.05	\$0.68
Cost of Eggs Per Dozen	\$0.60	\$3.00
Cost of Milk	\$0.42	\$4.03
Cost of Gas Gallon	\$0.32	\$3.37
Cost of Bread	\$0.20	\$2.54
Average Annual Medical Spending	\$700	\$6,000
% Children In Single Family Homes	14.6%	29.6%

As before this means our work not only continues but in many ways is even more critical today as the gap between the various income levels appears to be drifting even farther apart. Will America's future provide for a better life for our future generations or are our best days behind us? I am proud and blessed to lead PACS and our committed and caring staff and confident that PACS, through our dedicated and caring staff, will meet this challenge.

This truly is a joint mission, and we could not make the impact without our staff, volunteer board members, community partners as well as our state and federal funding sources. Over the last 60 years it is impossible to accurately measure the impact PACS and our staff had on the communities that we serve. This is our mission and goal and reason for existing. Will we be successful in the next 60 years?

"No one knows for sure, but I truly believe that as a child of God we are to seek ways to help the less fortunate. Hopefully all of us will be able to hear on that judgment day, "... The King will reply, "I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me." (NIV), Matthew 25: 31-40

ACCOMPLISHMENTS

TITLE III

July 1, 2023-June 30, 2024

Senior Shuttle	22,294 rides
Outreach	1,944 contacts
ARPA Out of County Transportation	12,719 miles
Information & Assistance	1,425 contracts
Homemaker	95,335 hours of housework
Congregate/Curbside Meals	74,215 meals served in the center
Home Delivered Meals	59,416 home delivered meals

There are 4 individual programs that make up the PACS Aging Programs: Title III, Homecare, SCSEP and SHIP. Each program is very dependent on the other for a successful operation in our counties. The Senior Citizens Centers are funded through the Older Americans Act, Title III, Home Care, and USDA.

ACCOMPLISHMENTS

Home Care

July 1, 2023-June 30, 2024

ESMP Home Delivered Meals	81,141 home delivered meals
Personal Care	2,350 hours of personal care
Homemaker	4,403 hours of housework

The Title III program is contracted through the Pennyryle Area Development District with funding from the Older American's Act. All services are at no charge to individuals 60 years and older. Donations are encouraged and these donations are budgeted back into the county where the donation was received. Donations are particularly important as they are used to expand services in that county.

Home Care is state funded through the Department of Aging and Independent Living and the Pennyryle Area Development District. This program provides in-home services to seniors who have functional impairments that may prevent them from completing the activities or instrumental activities of daily living. Home Care clients must be assessed by a case manager to be declared eligible for this program. There is no charge for these programs, but donations are encouraged to help expand services.

COMMUNITY SERVICES

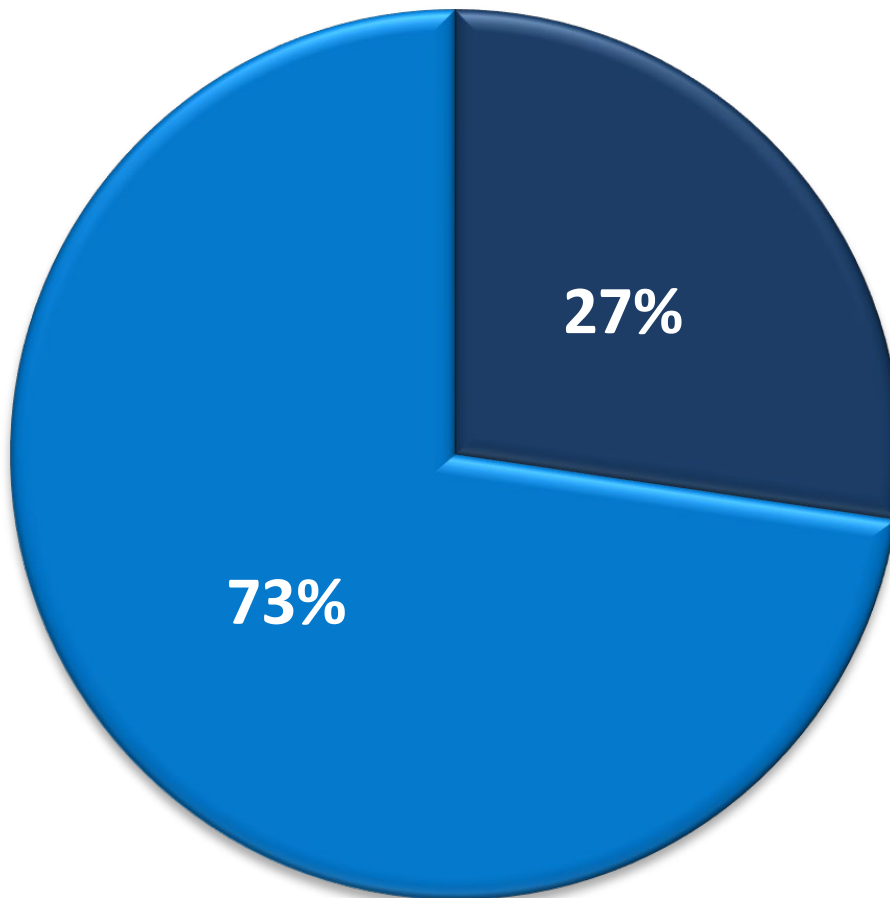

Krista Groves, Director

Community Services Block Grant (CSBG)

Pennyrile Allied Community Services, Inc. (PACS) administers the Community Services Block Grant Programs (CSBG) through a contract with the Cabinet for Health and Family Services, Department for Community Based Services. CSBG is designed to address the needs of the low-income residents and to assist them with working towards becoming self-reliant.

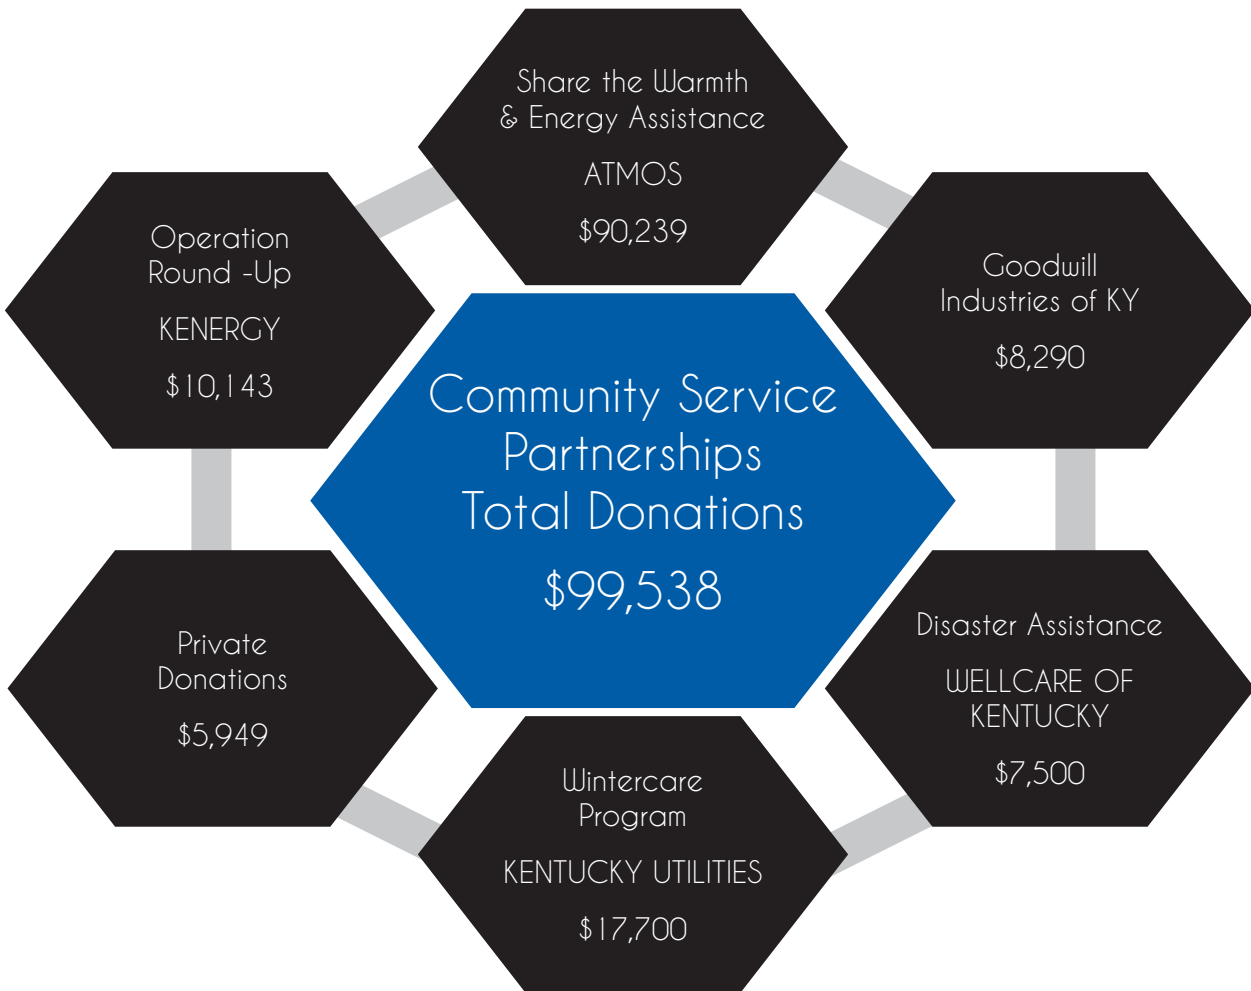

The Community Service Coordinators housed in each of the nine counties provide emergency assistance through CSBG funding. PACS Coordinators also provide case management to individuals and referrals to community partners to assist clients with employment, financial management, education concerns, cooking/shopping on a budget and maintaining a home. The focus of CSBG is to provide services as part of case management, which in turn leads to self-reliance.

Through CSBG, various non-federal funding, case management, home visits, telephone calls, referrals and community involvement PACS Community Services has assisted over 1,000 households with over \$227,000 in one of the following areas of need: Employment, Education, Housing, Income and Asset Building, Health and Civic Engagement.

RETIRED & SENIOR VOLUNTEER PROGRAM

Josh Wilhelm, *Director*

RETIRED AND SENIOR VOLUNTEER PROGRAM (RSVP)

The Retired and Senior Volunteer Program (RSVP) recruits and places volunteers that are fifty-five years of age and older in public agencies, secular or faith-based private/public non-profit organizations, or proprietary health care organizations. RSVP offers flexibility and choice as it matches the personal interest and

skills of older Americans with the community needs throughout Caldwell, Christian, Hopkins, Lyon, Muhlenberg, Todd, and Trigg Counties.

RSVP is federally funded by AmeriCorps Seniors and matched with local money from Fiscal Courts in Christian County, Hopkins County, Muhlenberg County, Trigg County, United Way of the Pennyrile, and Fundraising.

RSVP's fiscal program year runs April through March. RSVP had a total of 346 volunteers who donated 73,635 service hours at 59 stations doing 83 different jobs throughout our seven counties. The Independent Sector estimated the value of a volunteer's time in Kentucky at \$28.53 per hour. Multiplying that number by the number of hours served was a savings of over \$2,100,806.55 to the non-profit, government agencies, and proprietary health care organizations helped by RSVP Volunteers for 2023-2024.

Tax Counseling for the Elderly (TCE)

IRS Certified Volunteers Providing
FREE TAX PREPARATION

The mission of the TCE preparation program is to assist elderly and low-income taxpayers in satisfying their tax responsibilities by providing free tax return preparation. To establish the greatest

degree of public trust the IRS- certified volunteers are required to maintain the highest standards of ethical conduct and provide quality service. PACS along with the RSVP program facilitates to ensure TCE operates efficiently each tax season. PACS had 21 TCE Volunteers that dedicated an amazing 4,316 service hours completing 3,120 Federal and State tax returns with over \$1.5 million in Federal dollars refunded to 1,507 elderly taxpayers. This tax season we were able to structure two temporary sites in Caldwell and Livingston.

TRANSPORTATION

Kristine George, *Director of Transportation*

The Transportation Program's primary purpose is to provide safe, reliable, and affordable transportation to the Pennyriple area. PACS serves Christian, Caldwell, Crittenden, Hopkins, Livingston, Lyon, Muhlenberg, Todd, & Trigg counties in the Pennyriple area. We at PACS Transportation are proud to be providing the residents of the Pennyriple Area with a service to meet their transit needs.

FY 24 Report of Operations

Days of Service	310
Total Trips	172,256
Total Miles	2,158,405
Public Transportation Trips	63,958
Public Transportation Miles	393,116
PACS Medicaid Trips	82,979
PACS Medicaid Miles	1,187,996
Sub-Contractor Trips	24,354
Sub-Contractor Miles	540,430
DOC (Department of Corrections) Trips	965
DOC Miles	36,863

**Veteran & Senior Shuttle trips included in the Public Transportation figures

With the grand funds received in FY24, we purchased five new minivans this year, and we also have six transits and one city bus on order. With the KPTA Bid 11 being open, we are hoping to purchase more transits and more city buses.

We are still working towards building a new transportation building in Hopkinsville to replace the old transportation annex building. It seems to be getting closer to reality as we are currently waiting for bidding to start the new construction. Future plans on that building include a maintenance facility to be able to do maintenance on our own vehicles making it more cost efficient and better maintained vehicles. In FY21 PACS was awarded 5311 CARES Capital for 1.5 million to renovate the Transportation building on 1200 S. Clay St. We have also been granted \$500,000 additional funds through the 5339b grant to help cover the increasing costs that have risen over the past few years due to the pandemic.

We continue to operate City Transit Systems-PACS bus routes for the city of Hopkinsville (3 routes). They provide different routes to different areas of these counties to assist with transit needs and give people the independence to go when they want without having to rely on someone else to take them. Ridership is slowly getting back to normal.

WEATHERIZATION

The scope of the Weatherization program continues to be one of assisting in the achievement of a more helpful dwelling environment and maximum energy conservation for low-income clients.

The priority measure PACS performs on a house or mobile home is checking the energy systems of the dwelling. This includes furnaces, space heaters, fireplaces, water heater jackets, duct wraps and duct repairs if needed, flue repairs, safety materials and safety repairs. A National Energy Audit is performed on each house and a Manufactured Energy Audit is performed on each mobile home PACS serves. These audits show the areas the Weatherization program should address while performing Weatherization Services.

As the second priority, the major infiltration work is completed. This includes repairing and/ or replacing missing doors, panels, panes; missing windows and/or window panes; repairs to supply and return ducts; and major envelope holes. The general heat waste priority is then repaired, blocking is installed, attic bypasses are addressed and sealed, roof repair, which is very limited by regulations, is completed. If necessary, the walls of the dwelling are then repaired and insulated. Floors are repaired, ground cover is installed underneath the structure, pipe wrap, and insulation is completed. With LIHEAP funds combined with DOE, the Weatherization program has completed 1 home, 1 deferral and 6 are currently in progress.

ATMOS (C.A.R.E.S.)

The Demand Side Management (DSM) partnership program with Atmos Gas Company is intended to provide current low-income Atmos Gas residential consumers assistance and advice concerning energy efficient improvements specific to their homes.

The program is offered at no cost to the participant. This program acts as a "piggy-back" program in conjunction with PACS Weatherization program to ensure the most energy saving measures are completed to conserve the greatest amount of energy. Caldwell, Christian, Crittenden, Hopkins,

Livingston, Lyon, Muhlenberg, Todd, and Trigg counties are served by CARES.

The goal of this program is to reduce the energy usage of Atmos Gas residential customers.

For one to receive the CARES benefits, one must be eligible for PACS Weatherization program.

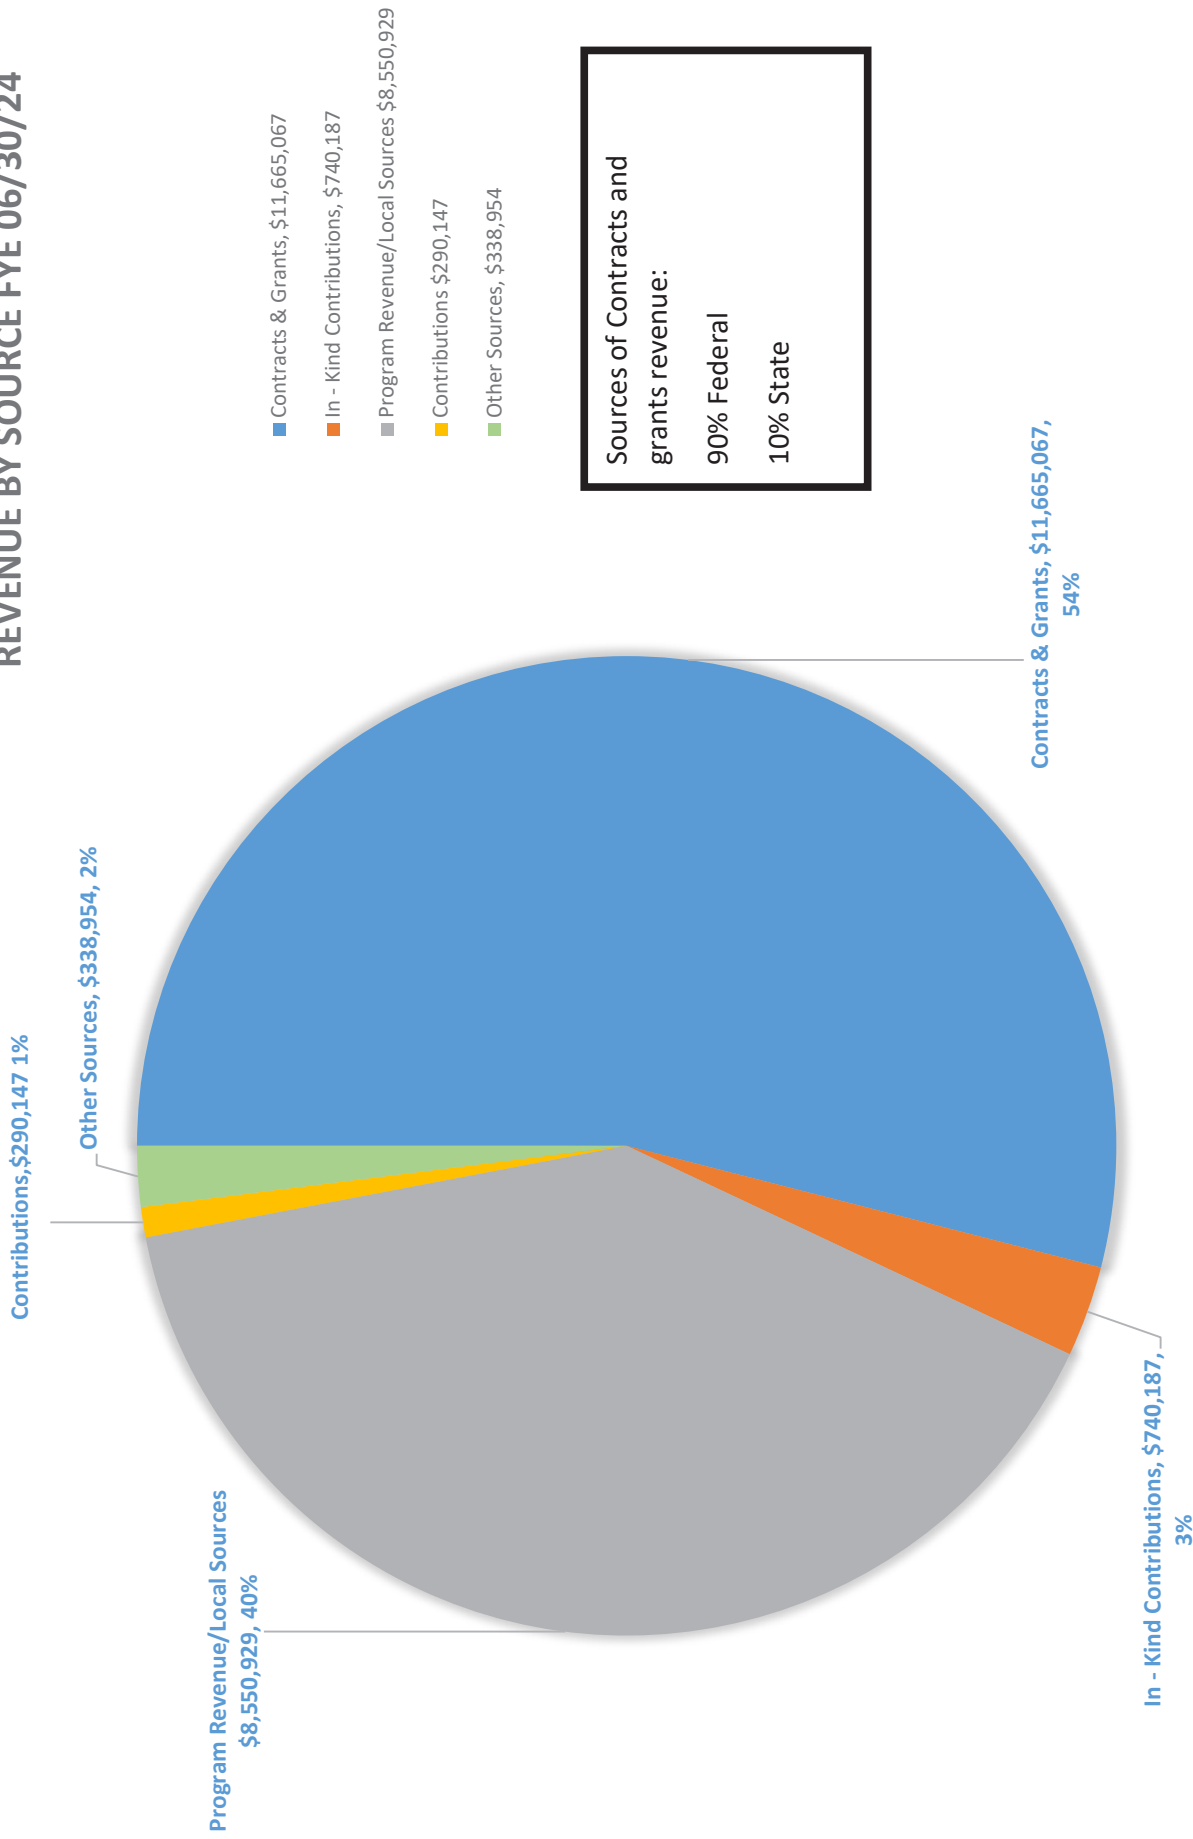

The program guidelines are based on the 200% OMB Poverty Guideline. These guidelines are based on the number of people in a household and allowable yearly income.
